Issue 26: Summer 2026

SUMMER CAN BE HOT. GREEN DOTS ARE HOTTER!

Summer is in full swing, and Green Dot GGF continues to build momentum through community engagement and education. As the season brings people together for community events, celebrations, and outdoor activities, it also creates meaningful opportunities to practice the small actions that help make our communities safer and more connected.

We're looking forward to another exciting season of bystander intervention and hope you'll join us along the way.

Bystander Awareness Month

August is Bystander Awareness Month, a time to recognize the important role each of us can play in preventing violence and creating safer, more connected communities. Every day, we encounter moments where our actions can make a difference. By choosing to safely intervene, offer support, or seek help when someone may be at risk, we can help stop harmful situations before they escalate.

Bystander intervention doesn't require grand gestures. Small, intentional actions, such as checking in on someone, creating a distraction, speaking up, or connecting a person with resources, can have a powerful impact. During Bystander Awareness Month, we encourage everyone to learn safe intervention strategies and remember that every positive action contributes to a culture of respect, safety, and care.

Future Bystander Training Inquiries

Green Dot GGF can bring a Bystander Intervention Training or a shorter Green Dot Overview directly to your organization or business.
